Why Should YOU Care About Civility??

*Be kind, for everyone you meet
is fighting a hard battle.*

- Plato

Workplace Civility

I. The Law & Liability

- Hostile Work Environment
 - Title VII “Protected Classes”
 - Unwanted & Unwelcome
 - Discriminatory Behavior

- Productive Workplace Policy

Protected Classes

1. Race
2. Color
3. Religion
4. National Origin
5. Sex
6. Age
7. Disability

Hostile or offensive work environment

Incivility & Harassment can take various forms:

Your Personal Attitude and Outlook

“Life-enhancer” or “Well-poisoner”

Are the messages you’re sending positive or negative??

Are your words & actions lifting people up or tearing them down?

Are others hearing... ??

or What you **can** do

What you **don’t** have

or What you **do** have

What is “Civility”??

P.M. Forni –

Civility is a form of benevolent awareness that contains:

- Respect
- Restraint
- Consideration

What is “Civility”??

Clearly, civility has to mean something more than mere politeness. The movement will have accomplished little if all it does is get people to say, “excuse me please”, while they (figuratively) stab you in the back. Civility also cannot mean “roll over and play dead.”

- *The Meaning of Civility*
Guy & Heidi Burgess, 1997

Characteristics of “Civility”

- Politeness
- Respect
- Affirmation
- Morality
- Connection
- Accountability
- Assertiveness
- The Golden Rule
- Manners
- Tolerance
- Self-Restraint
- Focus
- Public Health
- Quality of Life

“Civility” and its Impact on the Workplace

- Recruitment and retention are difficult.
- Right skills and right personality traits are not easy to find, and can be life or death to your organization.
- Work/Life balance is critical: Care for employees at all levels so they can best provide client-centered service.
- “It’s the little things that count”

For external clients & internal staff:

- Communication
- Care
- Acknowledgement
- Courtesy
- Service

III. Is it “me” or is it “you”??

Civility Survey (U.S. News)

- **89% of people interviewed said that it was a serious problem in today’s society.**
- **90% of these people said they were not personally rude.**

“Johari Window”

[Joseph Luft & Harry Ingham, 1955]

To thine own self be true.
And it must follow, as the night the day,
Thou can not then be false to any man.

[Hamlet, Wm. Shakespeare]

-- Unless we can be true to ourselves first, we cannot be true to others. --

IV. What is Workplace Incivility?

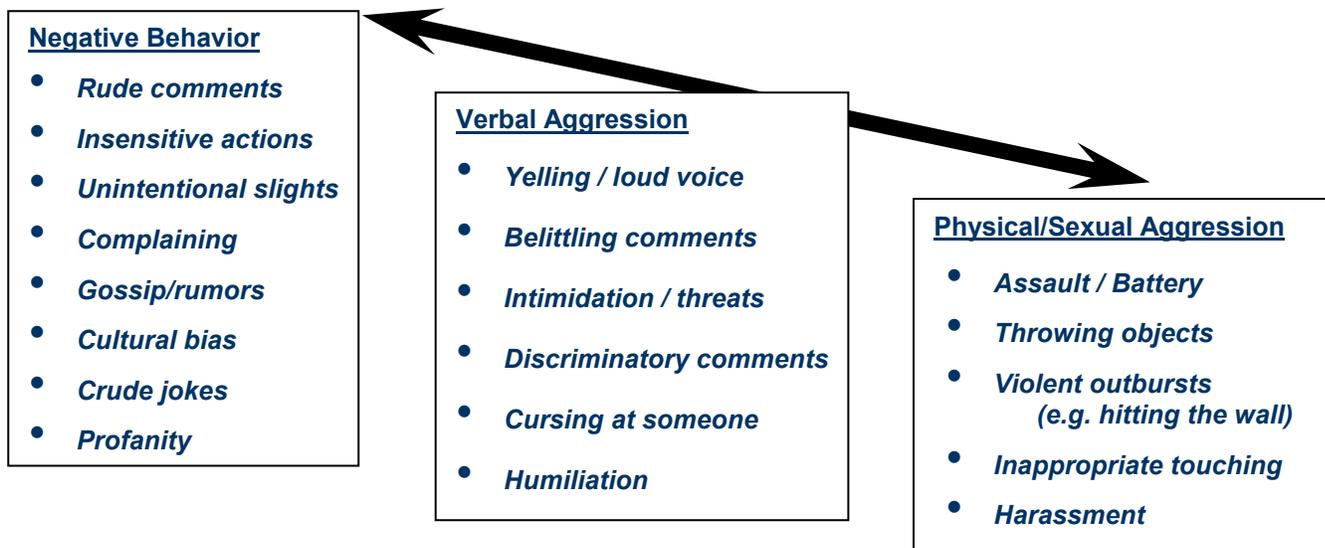

Behaviors with ambiguous intent to harm the target, in violation of workplace norms for mutual respect.

Uncivil behaviors are characteristically rude and discourteous, displaying a lack of regard for others.

Negative Behaviors

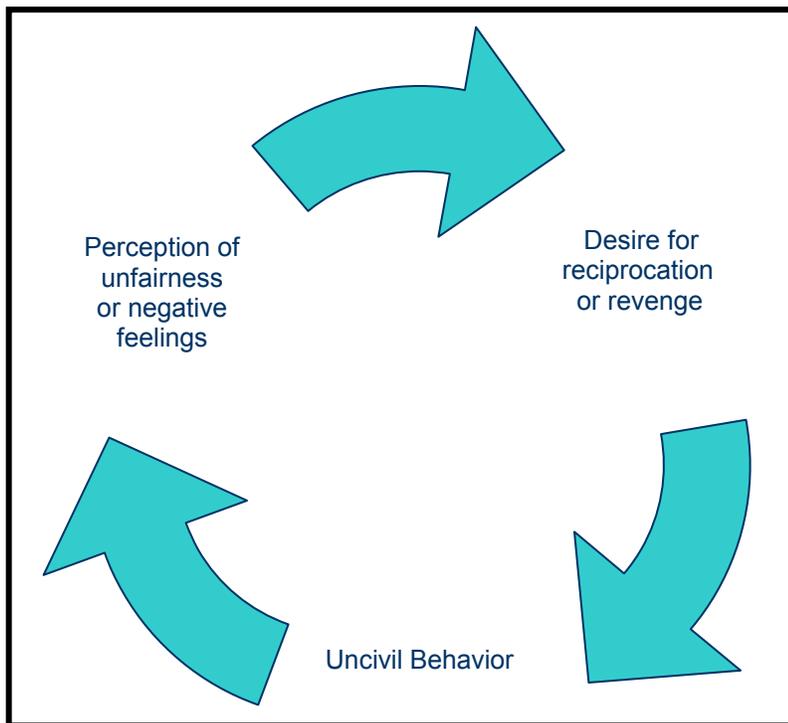

- Behavior whose purpose is to control, insult, humiliate, denigrate, embarrass, or injure the dignity of colleagues
- Scape-goating
- Backstabbing

- Being expected to do another's work (clean up after them)
- Behaviors which undermine team cohesion, staff morale, self worth and safety
- Unethical or dishonest behavior
- Ineffective, nonproductive forms of conflict resolution,
- Repeated failure to respond to requests
- Lack of respect, and/or
- Cultural bias

The Incivility Continuum

The Incivility Spiral

(adapted from Andersson & Pearson, 1999)

Effects of Workplace Incivility

- Lowered morale of employees
- Reduced workplace citizenship behaviors (littering, carelessness with handling equipment and facilities, not taking care of others, etc.)
- Reduced team effectiveness
- Being uncivil to customers, clients, or others outside the immediate organization, office, or facility

Costs of Workplace Incivility

- Lost work time and productivity
- Lost employees/ high turnover

TOXIC WORK ENVIRONMENT

● Causes

- Authoritarian Management Style
- Inconsistent or unpredictable supervision
- Acceptance of disrespectful behavior
- No conflict resolution process or training
- Individual staff members with personal insecurity
- Fear of change

● Results

- Morale _____
- Productivity _____
- Public image _____

- Exposure to Workplace Violence _____

● Organizational Communication

- the “**Grapevine**” and the “**Rumor Mill**”
 - Pro’s & Con’s
- Perception v. Reality
- Maturity, Pettiness & Personality Conflicts
- Are you “Open for Business”??

VI. “Open for Business”

- **“Open-mindedness” & Opening Lines of Communication**

- **Trust**

- **Respect** is an act of Humility and Confidence
- **Entitlement** is an attitude & worldview born of Selfishness and Arrogance
- **Insecurities** – To violate a trust due to your own insecurities is to invite distrust and a poisonous culture. Personal insecurity is the mortal enemy of “trust”...

**To “trust” is to risk loss...
To fail to the trust is to risk everything.**

- **Risk Management**

- *“Trust but Verify”* - Ronald Reagan
- “Can” v. “Should” - “authorized” v. “right thing to do”
 - Wisdom, Discernment and Moral Judgments

**Just because you can
does not mean that you should.**

- **Further Benefits of Civility**

1. Increased awareness will bring **greater respect and consideration** for all employees.
2. **Morale** will increase when everyone feels acknowledged, respected, and valued.
3. Employees will feel they truly have equal opportunities for advancement based on **competency** and **experience**.
4. **Productivity** will increase... better results & service will increase efficiencies; increased revenues will bring more resources and benefits for all employees.

● **Action Steps**

A. Policy

B. Training

C. Culture

- i. Top-Down Commitment
- ii. Core Value
- iii. “We talk about it all the time...”

from Randy Pausch’s **The Last Lecture**

- **Have dignity, play fair, be charitable, and encourage creativity & enthusiasm.**
- **There is a skill set called “leadership.” (He) knew how to delegate, had the passion to inspire and ... established the vision, the tone. He was in charge of morale... He knew what he didn’t know, was perfectly willing to admit it and didn’t want to leave until he understood.”**
- **“The kind of people I want on my team are those who will help everyone else feel happy to be here.”**

● **Exhibit Understanding**

- People are difficult because they either have **too high** or **too low** an opinion of themselves.
- ***Arrogance and/or insecurity*** are the enemies of workplace civility.

You don’t see things as they are.

You see things as you are.

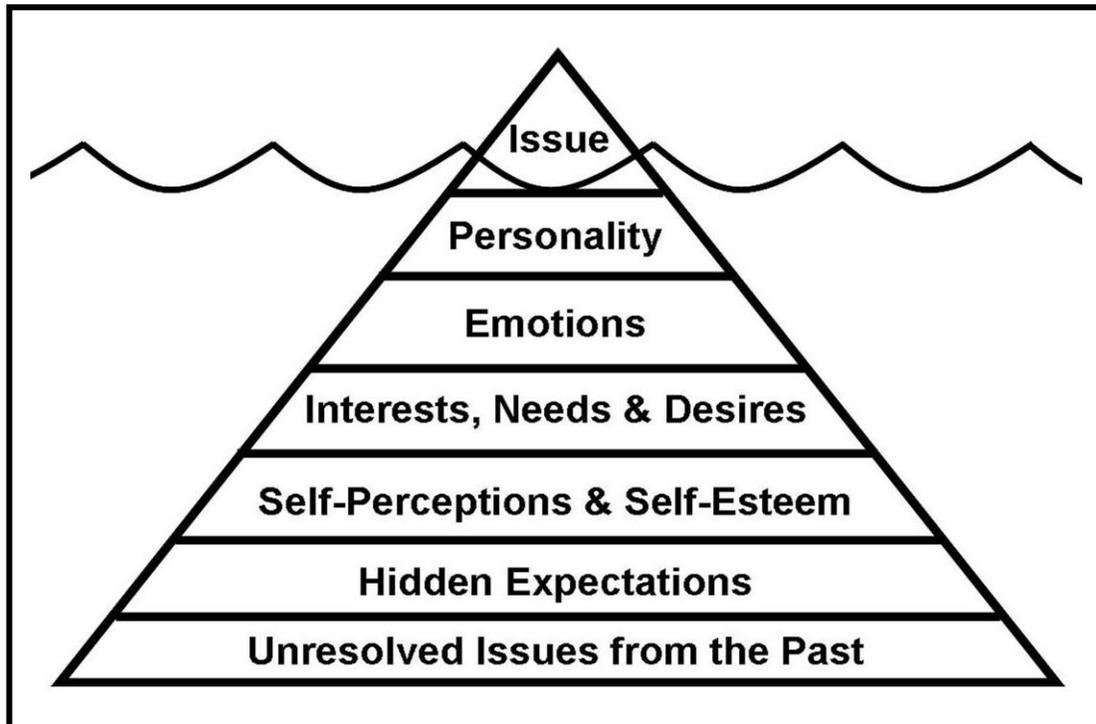

- **The Talmud**, Compilation of Jewish Oral Tradition, 5th Century A.D.

● Own the Change

Everyone cherishes the illusion that you can somehow force someone else and not do it yourself - which would be lovely - but you can't.

- Miss Manners

The Iceberg of Conflict

● Communicating Civility

- Remember pleasantries
- No interrupting
- Be open-minded
- Say what you mean
- Be aware of your tone and volume
- Don't argue for the sake of arguing / **PICK YOUR BATTLES**
- Be respectful, even in disagreement
- Address conflicts in private when possible
- Be aware of your own defensiveness
- De-personalize your comments
- Avoid accusations / ask questions instead
- Allow others to respond and give them your attention
- **Consider that you could be wrong**
- Use active listening skills

VII. Creating a Culture of Civility

● Clearing the Air

- Appreciate
- Inquire
- Respond

- Encourage stress management

● Critical Elements

- Teamwork
- Collaboration
- Trust & Risk

If you can't bring yourself to risk and trust others, then it's just a matter of time until they will not trust you.

Once this happens, what happens to organizational loyalty?

- Constructive Controversy

Open-minded discussion occurring within a strong cooperative context, of various perspectives that allows disagreement, exploration and adjustment

*Think not those faithful
who praise all thy words and actions,
but those who kindly reprove thy faults.
- Socrates*

● **Parting Thoughts**

(that apply both personally & organizationally)

- **This didn't happen overnight...
and it won't be fixed overnight.**
- **Every major change takes place
with one initial first step.**
- **Obstacles are what you see
when you take your eye off the goal.**
- **You are either part of the solution,
or part of the problem.**

● **Final Thoughts**

- **Don't wait for someone to be nice to you, and
avoid "keeping score"...**
- **Don't be afraid to put yourself in "Time Out" so you
can 'cool off' before expressing yourself.**
- **Consider letting some things slide, especially
slights that you know to be unintentional.**
- **The biggest risk for your organization is not creating
a culture of anger & incivility, but rather
creating a "culture of indifference."**

**You must be the change
you want to see in the world.
- Mahatma Gandhi**
