

## **LGIT PRE-MEETING SCREENING**

*Please see questions below. You should be able to answer “NO” to all questions to safely attend a LGIT sponsored event. Being truthful and honest is important not only for you but also for all the attendees. If everyone is honest with the answers this will help to provide as safe an environment as possible in today’s current COVID situation. Please remember if you wake up feeling ill or not right, it is safer to just not come to the training. Also remember, most LGIT classes will be offered again at some point. We also request that if within two weeks of taking your training, if you do test positive for COVID that you notify someone with LGIT who provided your training, so all attendees can be notified. LGIT cannot guarantee that all the screening being performed will eliminate the potential for the virus to spread. We can tell you we are doing our best to follow best practices and to try and provide as safe an environment as possible. Your honesty with these answers is one of the biggest parts of providing this safe environment. Please take these questions as seriously as we are!*

- **Are you feeling ill today?**
- **Did you feel ill yesterday?**
- **Is your temperature above 100.4 degrees or have you had a confirmed fever in the last two weeks?**
- **Recently have you felt “Feverish” meaning have you had the chills and/or sweats but never checked your temperature?**
- **Has anyone in your household tested positive for COVID-19 in the last 14 days?**
- **Have you been contacted by “MD-COVID” in the last 14 days and been notified that you have come into contact with someone who tested positive for COVID-19?**
- **Have you come into contact with anyone through work in the last 14 days that has tested positive for COVID-19? Whether a coworker or someone in the public in the jurisdiction you work in.**
- **Have you had any symptoms in the last week such as a Cough, Shortness of Breath or Chest Tightness, Sore Throat, Body Aches (Myalgia), Loss of Taste and/or Loss of Smell, Diarrhea, Nausea, Vomiting, and Fever/Chills/Sweats?**
- **Have you traveled internationally in the last 14 days?**
- **Have you traveled out of state or to an area that is having an elevated spread of COVID-19 in the last 14 days?**

*If you answered “Yes” to any of these questions, then it will be best for you to not attend the training or LGIT sponsored event you are planning to or signed up for. If there was a fee attached to the event you were going to attend, you will not be charged, a refund will be sent to you after the event is complete. **Please remember that you need to socially distance while in attendance and the act of hugging or handshaking is strongly discouraged. While inside you must wear a mask that is always fully covering your mouth and nose. The only exception to wearing a mask is a breathing condition or medical condition that prohibits you from wearing one. If you have a medical condition where you can not wear a mask, is there anyone else in your jurisdiction that can attend the training in your place?***
